

We are testing an intranet classifieds ad system here at work, and I put my roommate up for sale under the "Pets" section. Here is a screenshot of the ad...

The screenshot shows a Microsoft Internet Explorer browser window titled "Tradewinds - Microsoft Internet Explorer provided by Tommy Bahama". The address bar contains the URL "http://intranet/XcClassifiedLite/viewdetail.asp?id=39". The browser's menu bar includes "File", "Edit", "View", "Favorites", "Tools", and "Help". The toolbar contains buttons for "Back", "Forward", "Stop", "Refresh", "Home", "Search", "Favorites", "History", "Mail", "Print", and "Edit".

The main content area features a blue background with a palm tree logo and the text "radewinds". Below the logo is a navigation bar with "Intranet Home", "Contact Administrator", and "Admin Login".

The central focus is an "Ad Detail" box with a white background. At the top of this box, it says "Ad Detail" and "ROOMMATE FOR SALE" with a timestamp "Posted on 9/16/2002 12:06:00 PM". The ad text reads: "~~~~ROOMMATE~~~~ Housetrained (for the most part, still tinkles a little when strangers come over). Well behaved, just put him in front of a TV. 26 yr old artist. No worries about any friends or "girls" coming over to see him. Privacy guaranteed. Needs to go to a good home."

To the right of the text is a "Contact Info." section with the following details:  
**Location:** Seattle, WA  
**Contact:** [Troy Aker](#)  
**Price:** \$7  
**Link:** <http://www.geocities.com/ihatethestars/art.html>

Below the text is a small photograph of a man wearing a black beanie and a plaid shirt, holding a brown paper bag. At the bottom of the ad box is a blue button labeled "Back to Categories".

The browser's status bar at the bottom shows "Local intranet".
